Dear Parents,

Each year parents ask what supplies children should have for the start of the school year. To provide consistency across kindergarten, we have developed a list of materials we would appreciate. The following list is brand specific for some items because we have found that these particular items last longer, with better results for the children. Rather than weigh your child's backpack down with supplies, please bring items in during our Open House or Parent Orientation and Curriculum Night. Thank you for your support!

Necessary Items:

- Your child will need a backpack that is big enough to hold snow pants, sneakers or shoes, and papers during the winter months.
- 1 box of **Crayola** crayons (24 count is sufficient)
- 1 pack of 4 **black** fine point **Expo** markers.
- Box of tissues
- 1 set of headphones for ipad use (Please write your child's name on the headphones). Click here for a reasonably priced suggestion that children have used with ease.
- Pump bottle of hand sanitizer
- Box of band-aids

The following items are not necessary but greatly appreciated at any time of the year.

- Ziploc bags (gallon and sandwich size)
- 1 pack of black chisel tip **Expo** dry erase markers
- Magic Erasers

Thank you for your assistance,
Beth Bell
