

POLICY IMPLEMENTATION

The Superintendent has responsibility for carrying out policies established by the School Committee.

The policies developed by the committee and the procedures developed to implement policy are designed to increase the effectiveness and efficiency of the school district. Consequently, it is expected that all school district employees will follow district policies.

Administrators and supervisors are responsible for informing staff members in their schools, departments, or divisions of existing policies and regulations and for seeing that they are implemented in the spirit intended.

As long as the Superintendent operates within the guidelines of policy adopted by the Committee, implementations procedures may be developed without prior Committee approval unless Committee action is required by law, or the Committee has specifically asked that certain types of procedures be given Committee approval, or the Superintendent recommends Committee approval in light of strong community attitudes or probable staff reactions.

A regulation concerning a particular group or groups in the schools will be distributed to the group(s) prior to the effective date of the regulation.
