

STUDENT FEES, FINES AND CHARGES

The School Committee recognizes the need for student fees to fund certain school activities. It also recognizes that some students may not be able to pay these fees. No student will be denied access into any program because of inability to pay these supplementary charges.

A school may exact a fee or charge only upon School Committee approval. The schools, however, may:

- Charge students enrolled in certain courses for the cost of materials used in projects that will become the property of the student.
- Charge for lost and damaged books, materials, supplies, and equipment.

Students who are on free and reduced lunch are exempt from paying full fees. Such students shall not be identified in any conspicuous manner and shall participate in the same extracurricular program or event provided for all students without distinction. The Superintendent or his designee shall develop procedures to provide applications for such subsidization and to ensure that the required records and reports of recipients are kept confidential. However, these students are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

All student fees and charges, both optional and required, will be listed and described annually in each school's student handbook or in some other written form and distributed to each student. The notice will advise students that fees are to be paid and of the penalties for their failure to pay them. Permissible penalties include the withholding of report cards until payment is made or denial of participation in extra class activities while the student is enrolled in this District.

Any fee or charge due to any school in the District and not paid at the end of the school year will be carried forward to the next succeeding school year, as such debts are considered to be debts of the student to the District and not to a particular school
