LEVELS OF INSTRUCTION

ADVANCED PLACEMENT (AP) Advanced Placement courses are the culmination of the honors program. Each of these exacting courses follows the College Board's Advanced Placement curriculum that prepares the student to take the AP exam. These courses are suitable for the intellectually mature student who is ready to take on the responsibility for his/her own learning and to engage in intensive college-level work. Colleges may grant college credit or advanced placement or both to those students who perform satisfactorily on the exam(s).

HONORS (H) This rigorous level provides enrichment experiences and accelerated instruction for those college preparatory students who exhibit both exceptional ability and motivation in a particular subject area.

COLLEGE PREP (CP) These challenging college preparatory programs are designed to provide the 4-year college bound student with the instruction and experience(s) he/she will need to successfully manage the challenges of college level work.

DISCRIMINATION POLICY

It is the policy of the Littleton Public Schools not to discriminate on the basis of race, gender, religion, national origin, color, homelessness, sexual orientation, gender identity, age or disability in its educational programs, services, activities or employment practices.
