

Survey on Inclusive Lunch Options

Hello Littleton families,

A teal school lunch tray is centered on a dark wood background. The tray contains a green apple in the top-left compartment, a silver cup in the bottom-left compartment, and a silver fork in the right compartment. The text of the survey is overlaid on the tray.

We are working on our Girl Scout Silver Award Project. The focus of our project is to advocate for more inclusive food options in the Littleton Public Schools. This survey will help us understand the food allergies/sensitivities or dietary needs of our community's children. Please help us by completing these few questions.
