

POOLED TESTING UPDATE

March 26th, 2021

TOP 10 REASONS TO PARTICIPATE IN POOLED TESTING

10. It's a way of identifying a person who has no idea that they have the virus, thereby immediately reducing spread.
9. It's quick and easy!
8. It's a reliable way to detect COVID-19 in individuals who are working & learning in close proximity.
7. It's efficient and effective.
6. Pooling works best when test positivity is low.
5. It helps to interrupt in-school transmission.
4. Frequent large-scale screening will catch significantly more cases than symptom attestation alone.
3. Early detection helps crush the curve
2. Every additional mitigation strategy helps.
1. It helps keep our schools safe.

EVERYONE IN THE SCHOOL!

EVERYONE IN THE POOL!

As we prepare to transition to full in person learning (K-8 on 3/29 and 9-12+ on 4/12), it is more important than ever to consider participating in pooled testing.

Pooled testing is an extremely helpful mitigation strategy
and we would love to see that number continue to grow

P.S. We **love** questions so please do not hesitate to contact us with any questions you may have!!
